---

swenex - swiss energy exchange Ltd hereby confirms the purchase of Guarantees of Origin from the production of renewable energy. The guarantees of origin are validated by swenex at the certification body Pronovo AG, which is accredited in Switzerland for the monitoring and administration of guarantees of origin. The guarantees of origin can be used for the electricity labeling required by the DETEC Ordinance on Guarantees of Origin and Electricity Labeling (HKSV).

The guarantees of origin have the following attributes, among others:

Year of production: 2023  
Volume KWh: 1.000.000

■ Hydro EU

swenex – swiss energy exchange Ltd

Kriens, 16. September 2024
